IT Project Annual Conference - Get in the Game

May 20, 2010, Edison, NJ

This is the **PREMIERE IT CONFERENCE** of the YEAR for all social services organizations. Whether learning more about Electronic Health Records, or understanding more about virtualizing your environment, or using tools from Microsoft to better collaborate among your workforce, this conference has it all!

And for sponsors and exhibitors, this is the best opportunity to meet and greet with some of New Jersey's most talented IT professionals. So if you have a product or service that you know they can use, you won't want to miss out on being at this event!

Don't miss out ... Get in the Game TODAY!

The IT Project of the New Jersey Association of Mental Health Agencies, Inc. (NJAMHA) invites you to be part of a one-of-a-kind conference designed to educate behavioral health agencies, developmental disabilities treatment providers, addiction treatment providers and other healthcare organizations, and traditional non-profits on how to bring the speed and power of IT to help their organizations operate more efficiently. Sponsorship and exhibition opportunities are available now!

This year's conference will offer a range of presentations including:

Qualifacts - What is an Electronic Medical or Health Record (EMR/EHR)

Essential Learning - Why use online Learning for your staff and what are the benefits

New Horizons - SharePoint Server what is it and why is there so much interest in it?

VMWare - What is virtual desktop and how it can save money, time and headaches?

Unitrends - What is a backup appliance and why is it better than tape?

BlueWater Marketing - How to use images on your website and what they project.

Defran - Why all the fuss about Electronic Health Records and why you will need to implement it.

Ancero - Managed Service Providers (MSP) Find out how monitoring and managing your hardware devices.

Mercadien Group - Secure Remote Access

Paetec - VOIP find out the difference between a hosted phone system or a system you own.
