Reinforce Your Career and Your Business through NJAMHAAA Membership
Founded in 1951, the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA) is a statewide trade association representing organizations that serve New Jersey residents with mental illness, substance use disorders and/or developmental disabilities, and their families. NJAMHAA’s mission is to promote the value of its members as the highest quality behavioral healthcare providers for the residents of New Jersey through advocacy and professional development.

In addition to advocacy training, we continually strive toward this mission through mutual support, services and development of key partnerships with legislators and policymakers in the state and federal governments. In fact, NJAMHAA is a recognized leader in advocacy and achievement for the community mental healthcare, substance use and developmental disability system in New Jersey.

DID YOU KNOW?

NJAMHAA’s provider members offer an expansive array of services beyond clinical treatment, including:

- Child welfare
- Foster care
- Prevention, including substance use prevention education and Family Success Centers
- Supportive housing
- Supported employment and education
- Social services to help low-income families meet their basic needs

For its first 65 years, NJAMHAA’s membership consisted solely of the provider organizations. In 2016, the association expanded its provider membership to include clinical, financial and other professionals currently working in these industries; individuals who have retired from these professions; and full-time college students preparing for careers in the human and social service fields.

“We are proud of the partnerships we have with our members, as their experiences and insights contribute to the effectiveness of our advocacy on their behalf to decision makers in the state and federal governments. We are eager to expand our network and reinforce our impact on funding decisions, legislation and regulations that affect all providers’ ability to deliver their life-saving services.”

— Debra L. Wentz, PhD, President and CEO of NJAMHAA
