Reinforce Your Career and Your Business through NJAMHAA Membership
Founded in 1951, the New Jersey Association of Mental Health and Addiction Agencies, Inc. (NJAMHAA) is a statewide trade association representing organizations that serve New Jersey residents with mental illness, substance use disorders and/or intellectual/developmental disabilities, and their families. NJAMHAA’s mission is to promote the value of its members as the highest quality behavioral healthcare providers for the residents of New Jersey through advocacy and professional development.

In addition to advocacy training, we continually strive toward this mission through mutual support, services and development of key partnerships with legislators and policymakers in the state and federal governments. In fact, NJAMHAA is a recognized leader in advocacy and achievement for the community mental healthcare, substance use and intellectual/developmental disability system in New Jersey.
